Information according to REACH (regulation 1907/2006) and SVHC

Dear Sir or Madam,

At KGM Kugelfabrik GmbH & Co.KG, we are aware of our responsibility towards customers, suppliers and the environment at all times. Thus we would like to inform you about our status concerning REACH.

As a ball-manufacturer, pursuant to REACH, we use solely products as primary material. Thus we view ourselves as a downstream user. A processing or alteration of chemical substances does not occur. Furthermore according to present knowledge our products do not release any substances, either intentionally or unintentionally. Therefore KGM Kugelfabrik GmbH & Co.KG is consequently exempt from a registration or pre-registration.

We know the obligation of information according to the article 33 section 1 of REACH, which is valid for the complete supply chain. This obligation means, that a supplier has to inform its customer, when a product contains a SVHC-substance with concentration of more than 0,1 % of its total mass.

Until now, KGM did not get information about SVHC by sub-suppliers (excluded are parts with nickel coating – but the percentage of lead of weight is < 0,1%).

Should you have any questions regarding the procedures detailed at KGM please contact

Mr. Jürgen Lay
Head of Quality Assurance
Tel.: +49 (0)661/1094-310
E-mail: juergen.lay@kgm-kugeln.de

General questions regarding REACH can be addressed to the REACH internet help desk at www.reach-helpdesk.de

Kind regards

KGM Kugelfabrik GmbH & Co.KG

ppa. J. Lay

All information according to the current level of awareness based on our available data, which KGM got from supplier / manufacturer of material (confirmations, chemical composition, official website, etc.). Many substance are ubiquitous. The observance of all these substances is not part of KGM's ongoing production control.
